

EGIN RISHO D

Kanyakumari District, Tamil Nadu | 8300568519 | geginrisho@gmail.com | [geginrisho.github.io/Portfolio](https://github.com/geginrisho/Portfolio)

PROFESSIONAL SUMMARY

Results-oriented CS graduate with hands-on experience in data analytics, machine learning, Python, and SQL. Skilled in developing ML/DL models, data preprocessing, feature engineering, and extracting actionable insights. Seeking a Data Scientist role at STRYDO Technologies to contribute to real-time AI, ML, and Generative AI projects.

EDUCATION

BE – Computer Science and Engineering CSI Institute of Technology (Anna University)	2021–2025
CGPA: 7.78	
HSC – Christuraja Matric Higher Secondary School	2020–2021
SSLC – Christuraja Matric Higher Secondary School	2018–2019

TECHNICAL SKILLS

ML & Frameworks:	Python (Pandas, NumPy, Scikit-learn, Matplotlib), TensorFlow, Keras
Machine Learning:	Supervised Learning, Deep Learning, MLP, Data Preprocessing, Feature Engineering, Model Training
Data Analytics:	Matplotlib, Excel (Pivot Tables, VLOOKUP, Charts), Dashboard Design, Google Colab
Databases:	SQL – queries, data retrieval, data management
Soft Skills:	Analytical Thinking, Problem-Solving, Communication, Teamwork, Attention to Detail

INTERNSHIP EXPERIENCE

Data Analytics Intern – ALO Info-Tech Technologies, Nagercoil	2025
- Collected, cleaned, and analyzed large datasets to identify patterns and generate actionable insights. - Built data pipelines using Python (Pandas, NumPy) for automated data processing and reporting. - Created data visualizations and dashboards to communicate analytical findings to stakeholders. - Awarded Certificate of Achievement for successful completion of the Data Analytics Internship.	
Web Development Intern – Code Bind Technologies, Chennai	2023
Developed web pages using HTML and CSS ensuring responsive design; collaborated to deliver front-end features on time.	

PROJECTS

Social Media Forensics – Cyberbullying Detection Using Neural Networks (2025)

- Built an ML model in Python to detect cyberbullying messages using a Twitter dataset with neutrosophic logic for uncertainty handling.
- Implemented MLP algorithm (Scikit-learn), outperforming traditional classifiers; end-to-end pipeline: collection, preprocessing, feature engineering, training.
- Tools: Python, Google Colab, Pandas, NumPy, Scikit-learn, Matplotlib.

E-Commerce Web Application (2024)

- Designed a responsive static e-commerce site with product grids, navigation menus, and cart simulation using HTML & CSS.

ACHIEVEMENTS & CERTIFICATIONS

- Certificate of Achievement – Data Analytics Internship, ALO Info-Tech Technologies (2025).
- Internship Completion Certificate – Web Development, Code Bind Technologies, Chennai (2023).
- Developed ML-based cyberbullying detection model outperforming baseline classifiers in accuracy.

LANGUAGES

English (Professional Proficiency) | Tamil (Native)
