PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience in full-stack web development, data analytics, and machine learning. Proficient in HTML, CSS, JavaScript, Python, and SQL with exposure to frontend frameworks and backend development. Experienced in building, testing, and maintaining software applications, working with databases, and contributing to collaborative development teams. Seeking a Full Stack Software Engineer role to deliver reliable, high-quality software solutions in a fast-paced environment.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, SQL, HTML, CSS

Frontend: HTML5, CSS3, JavaScript, React (basic), Responsive Design

Backend / Scripting: Python (Pandas, NumPy, Scikit-learn), SQL queries & data management

Databases: MySQL, PostgreSQL, MongoDB (basic), SQL Server

Tools & Platforms: Git, Google Colab, Microsoft Excel, VS Code

Frameworks / Libraries: React (basic), Angular (familiar), Scikit-learn, Matplotlib

Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms, MVC, REST APIs (familiar), Agile/Collaborative Development

Soft Skills: Analytical Thinking, Problem-Solving, Teamwork, Communication, Attention to Detail, Willingness to Learn

WORK EXPERIENCE

Data Analytics Intern

2025

ALO Info-Tech Technologies | Nagercoil

- Developed, tested, and maintained data pipelines using Python (Pandas, NumPy) for automated data processing and reporting.
- Wrote clean, efficient, and maintainable Python code following best practices for data collection, cleaning, and transformation.
- Assisted in designing and implementing new analytical features; troubleshoot and fixed issues to improve output accuracy.
- Created data visualizations and dashboards (Matplotlib, Excel) to communicate findings to stakeholders.
- Collaborated with team members to deliver high-quality analytical solutions and validated data accuracy and quality.
- Awarded Certificate of Achievement for successful completion of the Data Analytics Internship.

Web Development Intern

2023

Code Bind Technologies | Chennai

- Developed and maintained responsive web pages using HTML and CSS, ensuring user-friendly design across devices.
- Assisted in designing and implementing frontend features, following standard development processes and best practices.
- Collaborated with team members to deliver front-end features on time; gained experience in version management using Git.
- Supported testing and deployment of web pages, improving application performance and user experience.

PROJECTS

Social Media Forensics – Cyberbullying Detection (ML)

2025

- Developed, tested, and maintained a machine learning application in Python to detect cyberbullying messages using a Twitter dataset.
- Implemented a Multi-Layer Perceptron (MLP) neural network using Scikit-learn; applied neutrosophic logic for robust text classification.

- Managed end-to-end data pipeline: data collection, preprocessing, feature engineering, model training, and performance evaluation.
- Tools: Python, Google Colab, Pandas, NumPy, Scikit-learn, Matplotlib.

E-Commerce Web Application

2024

- Designed and developed a fully functional static e-commerce website using HTML and CSS with responsive product grids and navigation.
- Implemented cart simulation and interactive UI components; ensured cross-device compatibility and clean layout design.
- Worked with databases conceptually for product and cart data management; focused on UI/UX principles and accessibility.

EDUCATION

BE – Computer Science and Engineering

2021 – 2025

CSI Institute of Technology (Anna University), Tamil Nadu | CGPA: 7.78

Higher Secondary Certificate (HSC)

2020 – 2021

Christuraja Matric Higher Secondary School | 77%

Secondary School Leaving Certificate (SSLC)

2018 – 2019

Christuraja Matric Higher Secondary School | 71%

CERTIFICATIONS & ACHIEVEMENTS

- Certificate of Achievement – Data Analytics Internship, ALO Info-Tech Technologies (2025)
- Internship Completion Certificate – Web Development, Code Bind Technologies, Chennai (2023)
- Developed an ML-based cyberbullying detection model outperforming baseline classifiers in accuracy

LANGUAGES

English (Professional Proficiency) | Tamil (Native)
